CHAIR AND EXECUTIVE DIRECTOR'S REPORT

At Tyndale St-Georges (TSG), we believe that the success of one rests in the success of the whole. All of our departments and programs work according to that guiding principle. From supporting new families, to mentoring elementary and high school students on their paths to academic and career success, to coaching adults through employment searches and job interviews, our staff believes in the potential of our participants and they remain dedicated to each and every one of them.

We believe that everyone who walks into the Centre has the ability to do whatever they set their mind to. For many, success is a matter of developing the right skillset or accessing the right resources. Your generous support helps our participants and community members to work towards achieving their potential.

Thanks to your ongoing support, here are a few developments from 2017-2018:

1. Our Early Childhood department implemented more family support programming, involved parents in new initiatives, and continued to support the young families in navigating the excitement that comes with being a parent of a young child.
2. Our kindergarten classroom in our After-School Program was fully launched. Many kindergarten students worked on developing their reading and social skills.
3. The Tyndale St-Georges Children's Library was made accessible to the youth of the community on Saturdays. The library is open to all children and their families. It provides a place where children can read, socialize, and engage in various activities, such as card and board games, reading clubs, movie days, etc.
4. We made 870 Richmond Square more accessible for rentals and community use on both weekdays and weekends. We look forward to building upon this initiative to make the Centre more available for community use.
5. The Pre-Employability Program (PPE) in our Adult Development Department boasted another successful year by helping many gain the confidence and skills to find work.

Your commitment to Tyndale St-Georges is vital in helping the continued growth of the community and the participants we serve. With your help, we look forward to maintaining the success of our programs for many years to come.

Best regards,

Joseph D'Intino, M.Ed

EARLY CHILDHOOD DEPARTMENT

This year has been truly amazing for the Early Childhood (EC) Department due to the active participation, initiatives and support from parents, partners, volunteers and the dedication of the EC team. These close collaborations helped create a safe environment where play, stimulation and parental support were major elements in promoting healthy child development, parent and child attachment, adequate parenting skills, early literacy, and school readiness.

One of the main priorities this year was addressing emotions in almost all our programs. With the children, we focused on naming and expressing feelings through songs, play and books. With the parents, we focused on workshops and parent & child activities addressing how to connect with their child and respond to their emotional needs. The workshops and programs additionally addressed the topic of mindfulness and mindful parenting, which aim to increase feelings of calmness and of being present in the moment. They also promote being in touch with their emotions and attuned to their children.

Some of the initiatives started by our participants this year include a breastfeeding support group run by parent volunteers in collaboration with Nourri-Source Montreal. As a result, we are now part of the Route du Lait (Milk Road) initiative, meaning that the Centre has become an official safe place for mothers to come and breastfeed in an appropriate area. Additionally, a new Parents Committee was started by several parents who wished to find a way to contribute and support our programs.

All of these have helped us to maintain strong bonds with our participants and provide valuable services and quality programs for families with young children.

CHILDREN, YOUTH, AND FAMILIES DEPARTMENT

The Children, Youth and Families Department maintained a busy schedule of programming in 2017-2018. Aside from our regular programming, there were many special opportunities for children, teens and adults! In November, two grade 6 students were interviewed by Natasha Hall on CJAD Radio to share their experience at Tyndale St-Georges and to also speak about their upcoming year in high school. In February, a group of teens from the high school program went to an advanced screening of the highest-grossing solo superhero film, Black Panther at the Scotia Bank Theatre. On the 27th of April, Sista-Sista hosted a 7 à 11 event at le Salon 1861 to fundraise for their group's activities. Over 70 guests enjoyed cocktails and music provided by a live DJ while supporting mothers in the community.

Highlights included:

Fall/winter

- 7 kids in the new kindergarten program
- 65 After School Program kids, 12 graduates
- 8 high school program graduates

Summer

- 66 kids registered
- Youth co-op's total revenue of $7 044
- Spent $900 in groceries to Little Burgundy residents through the nutrition for neighbours project
- Over 40 kids went to LaRonde for the last outing in day camp
- 5 students produced their own books that will be available to loan from the library

ADULT DEVELOPMENT DEPARTMENT

The Adult Development Department provided educational and training programs to develop and strengthen life and work skills among our community members and participants.

Our Possibilities Pre-Employability Program (PPE) assists individuals of diverse ages and backgrounds in their efforts to (re-)integrate the workforce using a holistic approach. The program includes full-time skills-building coursework, computer and French classes, individual coaching, followed by guided internship placements and assisted job searches. The Department also offered multi-level, daytime and evening French classes, one-on-one computer tutoring and Seniors Group programming.

The Adult Development Department also contributed in countering isolation and providing a sense of community by offering a safe welcoming space where members can drop in to use the computers, socialize, read the newspaper and have a coffee.

Regarding our PPE for the 2017-2018 program year:

- 25 participants successfully completed the program and attended the graduation in June 2018. To date, 21 of them have found work or gone back to school.
- PPE Participants found work in a variety of companies and organizations, including UPS, the Pierre Elliott Trudeau International Airport, St-Antoine 50+ Community Centre and the School of Fine Arts of Montreal.

New Memberships:

- 119 individuals joined our Department as new users and 98 renewed their participation this year.

VOLUNTEER DEPARTMENT

We are blessed with our incredible volunteers as well as corporate groups and institutions that support us annually. Our programs could not operate at the same quality without their dedication and meaningful impact. This past year we had 150 sustainable volunteers, with 100 volunteers from corporate groups and community days! We secured over 2 000 dollars in donations and 1 000 dollars worth of in-kind donations. Our nutrition program continues to be robust in serving over 500 children and adolescents a week, including during camps and holidays. This year we were fortunate to have a sponsor for our annual BBQ, which made the event even more effective! Our fiscal year proved successful and is continuing to grow; we thank everyone involved for making Tyndale St-Georges Community Centre the beautiful home away from home that it is!

TYNDALE ST-GEORGES CHILDREN'S LIBRARY

The Children's Library at Tyndale St-Georges Community Centre continues to be a lively and engaging space! This year we rolled out some neat new programming and activities including knitting and monthly babysitting nights. We also opened our doors on Saturdays, which gave the children space and time to try out computer programming, cooking and card game tournaments among others. Once again, our readers excelled, with 163 children reading more than 1 000 hours at the library for the reading program. Next year we will bring back science, perfect our Saturday programming and continue engaging children and their parents.

Year	**Collection** # of books	**Circulation** # of books borrowed/read	**Minutes** read at the library	**Attendance** library & during outreach	**Volunteer Hours**	**Saturday** Attendance
2015-16	7 572	5 360	28 700	9 009	885.5	0
2016-17	6 140	7 856	66 114	12 237	1023.5	0
2017-18	6 140	6 336	60 022	11 011*	1229	309 (for 19 Saturdays)

*This number dropped because storytime was stopped (and hours reduced) during July for the Summer Literacy Program

FUND DEVELOPMENT COMMITTEE

The ongoing dedication of our volunteers, donors, community partners, and members of the Board of Directors of the Tyndale St-Georges Foundation have allowed Tyndale St-Georges to raise the necessary funds to ensure that we continue to offer high quality programs and services. Under the careful guidance of Tony Infilise, the Fundraising Committee has become more attuned to various fundraising opportunities.

This past year, we had a successful 100K Matching Gift Campaign that helped to generate interest of new and previous donors of Tyndale St-Georges. We look forward to building upon this momentum moving forward. We were able to achieve a slight surplus in the fiscal year ending August 31st, 2018, in part due to the new funds received through the matching gift campaign.

Together with the new Fund Development Director, Véronique Courey, the Leadership and Management Team and the Fundraising Committee will tackle the compelling need to raise new money to sustain TSG's existing programs, some of which are currently threatened due to the expiry of previous funding.

SPECIAL EVENTS COMMITTEE

Tyndale St-Georges is privileged to have known yet another year filled with successful events. The year started with our annual Sushi Night, at which our supporters gathered at Aikawa to savour the best sushi in town! The year was followed by our Annual Auction dinner which, in fact, celebrated its 15th Anniversary. The Special Events Committee created the perfect ambiance for this year's Great Gatsby themed auction dinner, which was held at the Rialto Theatre. We additionally had the privilege to welcome Julian McKenzie as our MC.

In addition to giving our greatest thanks to the dedicated members of the special events committee, we thank the volunteers who donated their time to help out the night of the events so that attendees could enjoy fun and buoyant time. We are extremely grateful to the committee members and the volunteers for their precious time, efforts, and commitment towards Tyndale St-Georges.

PROGRAMS COMMITTEE

The Programs Committee, led by Joseph D'Intino, met frequently throughout the year to discuss best practices for community organizations, such as Tyndale St-Georges, and to review the impact of all levels of programming at Tyndale St-Georges. This past year, the focus was on integrating more advanced metrics by incorporating our participant database into our everyday practices. As such, we can better address needs of our participants. Our discussions centered around the use and maintenance of the database, so that the members of the committee can bring that knowledge back to their respective programs to better guide data-based decision-making at program levels.
